**Yes, you can typically change passenger names on a cruise 1-855-732-4023, but it depends on the cruise line's policy and how close it is to the departure date. Most cruise lines allow name changes for a fee 1-855-732-4023, especially if the ticket is non-refundable. Some may permit minor corrections (like spelling errors) for free, while full name transfers might be restricted or treated as cancellations. Changes must be requested by the original booking holder. Always check the specific cruise line's terms, as policies and fees vary widely by company and booking type.**
